protecting your digital cargo

KEY FEATURES & BENEFITS ■ SCOUT ■

rugged urban utility

Guard your laptop inside **scout**, a utility canvas bag that works on any scene. **Scout**'s laptop section is made from high density padding and cushioned felt lining, so your laptop is as secure inside the bag as you are wearing it.

Get back to basics with **scout**- one click of the heavy duty buckle gives you access to the laptop section (with a secure flap), your documents and folders, utility pockets for accessories and a secure zippered pocket for a wallet, mobile or iPod.

Water resistant, light weight canvas gives **scout** a rugged look and feel and STM's new shoulder padding gives a comfortable carrying experience, even when the bag is full to the brim.

Scout comes in 3 sizes to fit most 10", 13" and 15" screens.

full sized document pocket
high density padding surrounds laptop
velcro closure over laptop section
cushioned felt laptop lining
secure buckle closure for main bag
utility pockets for accessories
